

# **EXPERIMENT-8**

## **Student Counselling System**

### **AIM**

To create a simple Cloud-based Student Counselling System using Zoho Creator to demonstrate the Software as a Service (SaaS) model and maintain student personal, academic, and career interest details.

### **PROCEDURE**

1. Open Zoho Creator and create a new application.
2. Create a form named Student Counselling System.
3. Add the required fields:
  - Student Name
  - Age
  - Address
  - Phone Number
  - Subjects Studied
  - Year of Passing
  - Percentage of Marks
  - Domain Interest
  - Counselling Remarks
4. Enter the student's personal details such as name, age, address, and phone number.
5. Enter the academic details including subjects studied, year of passing, and percentage of marks.
6. Add the student's Domain Interest, such as Software Development, Cybersecurity, Data Science, Cloud Computing, etc.
7. Add a Counselling Remarks field to record the counsellor's suggestions.
8. Create a report to display and manage the student counselling records.
9. Test the application by entering sample student details.
10. Deploy the application on Zoho Creator Cloud.
11. Access the application through a web browser to demonstrate the SaaS model.

### **IMPLEMENTATION**

## INPUT:

The screenshot shows the 'Student counselling system' input form. The form is titled 'Student counselling system' and is part of a 'Development' environment. The form fields are as follows:

- Name: First Name (text input), Last Name (text input)
- Age: (text input, placeholder: #####)
- Address: Address Line 1 (text input), Address Line 2 (text input)
- City / District: (text input), State / Province: (dropdown menu)
- Postal Code: (text input), Country: (dropdown menu)
- Phone Number: (text input, placeholder: +91 81234 56789)
- Subject studied: (text input)
- Year of passing: (text input, placeholder: #####)
- Percentage of marks: (text input, placeholder: #####.##)
- Domain Interest: (dropdown menu, placeholder: -Select-)
- Counselling Remarks: (text input)

At the bottom of the form, there is a 'Student' button.

## OUTPUT:

The screenshot shows the 'All Counselling Systems' table. The table has columns for Name, Age, and Address. The data is as follows:

| Name     | Age | Address                                                     |
|----------|-----|-------------------------------------------------------------|
| Harini S | 17  | RM Nagar, Thiruvottriyur, Chennai, Tamilnadu, 600019, India |

Below the table, there is a 'Showing 1 of 1' indicator. To the right of the table, there is a 'More' dropdown menu with options: Edit, Duplicate, and More. Below the table, there is a 'Add a comment' button.

## RESULT

Thus, a Cloud-based Student Counselling System was successfully created using Zoho Creator. The system stores student personal and academic information along with domain interests and counselling remarks, demonstrating the Software as a Service (SaaS) model.
